IP Address Locator Tool

This IP Address Map lookup service is provided for FREE by GeoBytes, inc to assist you in locating the geographical location of an IP Address. Click here to checkout our other FREE localization services.

"Click here" to see our latest flashtemp. It is a new one - not the one with the girls in it. This one is about Dave, and he has just returned from the future. (This link will skip the technology intro page and go straight to the flash movie.)

The following results were generated using GeoSelect version II.

IP Address to locate: 211.120.48.228  Submit
